

Dear Business Partner:

On behalf of the Northeast District Athletic Board, I want to express our appreciation for your support of the high school athletic programs across the Northeastern part of our state. We are fortunate to have a corps of quality professionals—principals, athletic directors, and coaches, directing the interscholastic programs in our member schools. Our student athletes make notable achievements each year, and these opportunities are all made possible because of strong support from our respective school communities.

The Northeast District Athletic Board of the Ohio High School Athletic Association has entered into a contract with the Royal Publishing Company to produce tournament programs for volleyball, wrestling, boys' and girls' basketball and track. Prior to this contract, a goodly number of tournaments were already working with Royal Publishing while many others had difficulty providing tourney programs that were professionally done. With the development of this contract, we anticipate providing tournament programs second to none. We would encourage your participation/support via advertising in the program. The Northeast District Board will receive some revenue from this contract which will be budgeted/spent on scholarships for student-athletes from our member schools.

Royal Publishing is highly regarded in the amateur athletics souvenir program business and has served high schools nationwide for over twenty years. The company is in good standing with the Better Business Bureau and Chamber of Commerce and abides by high standards for customer service and quality.

I hope this letter alleviates any concern or trepidation you may have doing business with Royal Publishing and if there are any questions please do not hesitate to give me a call.

Again, thanks for supporting our student-athletes in Northeast Ohio.

  
Larry Acker, Secretary  
Northeast District Athletic Board
