

The Midview Schools

E - NEWSLETTER

Greetings. There have been several developments since our last E-Newsletter, and we wanted to send a brief issue to you.

Most notably, we mourn the loss of Dr. Robert Callaway, Midview School Board member and past president for the district. Those of us who knew Robert find his unexpected passing hard to accept—he was one of the most vital people we've had the pleasure to know. He will be missed deeply, as a father, friend, mentor, and colleague.

As a Midview School Board member, Dr. Callaway was a champion of open and honest communication, encouraging dialogue with the community by hosting coffee talks, attending community meetings throughout the district, and faithfully attending Midview school events. He spearheaded the district's long-range planning committee, and was a hands-on member of the Funding the Future levy committee. His commitment to education, and to children, was contagious and heart-warming. [Service details as posted in the Chronicle-Telegram are available through this link if you are available to help honor his passing.](#)

School Closings and Delays

It is always a difficult decision to close school as it affects over 3,000 students and their families in the Midview community. As always, the decision is based on current weather road conditions, input from neighboring schools, weather stations and state police. When the decision is made, it is with the understanding that our children's safety is the top priority. Midview School's closing announcements will be broadcasted on the front page of the [Midview website](#), as well as on the local television and radio stations. [Read more...](#)
